

NORTENE®

RECYNET PLUS

Extra-woven privacy screen

Would you like to conceal your garden for more tranquility and privacy? The woven privacy screen Recynet offers a solution with an excellent quality-price ratio. With 95% opacity and a 6-year guarantee, its installation is made easier thanks to eyelets at the top and bottom. Various fixing methods are possible: Tensofil + Filmas + Fixatex, Fixcane or Fixing cord. Available in 3 colors: green, gray, black. Wide range of dimensions available.

Benefits

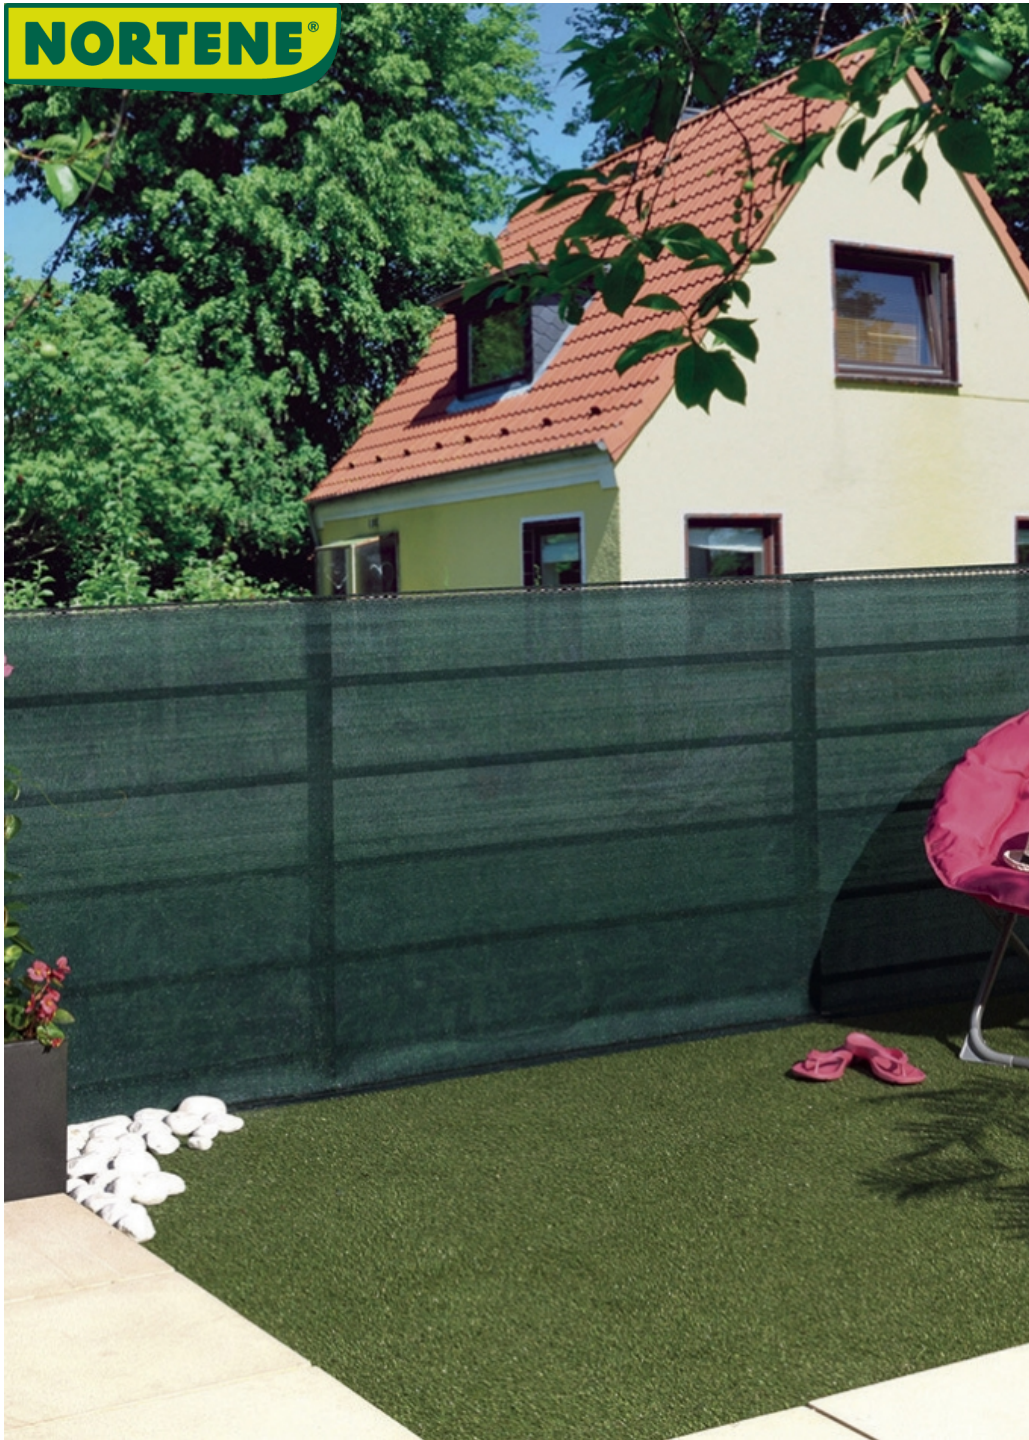

100% privacy for outdoor use. HDPE. Easy to install on a tension cable thanks to its slotted holes at the top and bottom. Easy to install with upper and lower eyelets on a tension cable using Fixatex, which should be placed every 50 cm.

Characteristics

HDPE material
 Grammage: 170 g/m²
 Eyelets at the top and bottom, with a height of 5 mm
 Anti-UV treatment
 6-year warranty
 Available in green, gray, black
