

NORTENE®

VERTICAL PRINTED

Vertical garden with mesh

Benefits

Here's a new model of imitation plant panel, offering excellent value for money. This vertical garden has a realistic look thanks to the assortment of artificial leaves, combined with a printed canvas in natural tones. The format comes in the form of a 50x50cm panel. It will be available in a display box of 36 units in shop, and will then be sold individually. There are three different models, which can be combined to create a unique décor.

Characteristics

- Material: PE
- Size: 50 x 50 cm
- Printed mesh
- Fastening system: Click system
- UV Treatment: Yes
