# HIVERSAC DECO

Printed winter covers

This wintering cover is ideal for protecting your plants from cold and wind, whether in pots or in the ground. Its patterned design, inspired by "jungle", recalls nature thanks to the green and taupe colored leaves. In the middle of winter, it brings a real air of spring and a lot of life to your garden!

## Benefits

Protects against cold and wind. Easy to put on with closing cord. 100% recyclable.

## Characteristics

Set of 3 covers in non-woven polypropylene veil. Weight: 30g/m<sup>2</sup>. Anti-UV treated. With closure cord. Size: 1x1.50m. Diameter: 65cm.
